The percentage of the National Research Council (NRC), 1989 maintenance requirements for a 500 kg horse.

PROPERTIES: FARNAM® VITAM® HEALTH & VITALITY™ with 12 vitamins and 9 minerals is formulated to improve feed nutrient value by delivering nutrients which may be missing or undersupplied in common feedstuffs. It provides high levels of vitamins and minerals, to assist in achieving optimum performance for growing, exercising and breeding horses.

DOSAGE & ADMINISTRATION:

VITAM® HEALTH & VITALITY™ should be provided daily to insure correct intake. For best results use in conjunction with **CALCIPLEX BONE AND JOINT™**. For individual use, mix with dry feed either morning or evening meal. One level scoop contains 30 g. Dose according to the following table:

HORSES	DOSAGE
HORSES IN WORK:	30 g/day
HORSES SPELLING:	15 g/day
STALLIONS - OFF SEASON:	15 g/day
STALLIONS – BREEDING:	30 g/day
BROODMARES - EARLY PREGNANCY:	15 g/day
BROODMARES - LATE PREGNANCY:	15 - 30 g/day
BROODMARES – LACTATION:	30 g/day
YEARLINGS:	30 g/day
WEANLINGS:	15 g/day

Please contact International Animal Health Products for advice regarding use of VITAM® HEALTH & VITALITY™ at higher levels, or consult a nutritionist. For use in bulk feeds, contact International Animal Health Products for advice on inclusion rates.
